

ABHAY VERMA

Full Stack .NET Developer

[Portfolio](#)

abhayverma.dev@gmail.com · 8580714580 · Bengaluru, India

PROFESSIONAL SUMMARY

Full Stack .NET Developer with 2 years of experience building scalable web applications using ASP.NET Core Web API, C#, Entity Framework Core, and React. Proficient in REST API design, JWT authentication, dependency injection, async/await patterns, and SQL Server. Experienced in implementing clean architecture, code reviews, and resolving production issues. AWS and Azure certified with hands-on cloud exposure.

EXPERIENCE

Associate Software Engineer | Tech Mahindra

Bengaluru, India · Sep 2024 – Present

- **ASP.NET Core Web API & React**, Developed and maintained full-stack web applications using implementing RESTful endpoints, middleware pipelines, and dependency injection for modular, testable backend services.
- **SQL Server** Designed and optimized schemas and EF Core queries using LINQ; applied async/await patterns to improve API throughput and reduce latency.
- **JWT-based authentication and role-based authorization** Implemented on protected API endpoints, ensuring compliance with security standards.
- **Participated** in code reviews enforcing code quality, performance best practices, and SOLID principles; contributed to defect resolution and minimized production downtime.
- **Collaborated** in an Agile environment, contributing to sprint planning, feature delivery, and cross-team integration of third-party services.

PROJECTS

URL Shortener — ASP.NET Core Web API · EF Core · JWT · Background Services · Angular

- **JWT authentication and refresh token rotation**, built a production-grade URL shortener backend with implementing secure token issuance, validation middleware, and automatic expiry handling.
- **Channel<T> and BackgroundService** Designed a high-throughput click-tracking pipeline using to dequeue and persist analytics asynchronously, decoupling the hot path from database writes.
- **Implemented** admin analytics endpoints with aggregate click data, referrer tracking, and time-series breakdowns using EF Core and LINQ.

DotShop — E-Commerce Platform — ASP.NET Core Web API · React · Redux Toolkit · SQL Server · Entity Framework Core

- **ASP.NET Core Web API** Architected a full-stack e-commerce platform with serving paginated product listings, basket management, and order processing via clean RESTful endpoints.
- **RTK Query** Implemented for server-state caching on the React frontend, eliminating redundant API calls across product and basket modules.
- **Cookie-based authentication and role-based authorization** Designed in ASP.NET Core, securing API routes and client-side navigation with policy enforcement.

KarCopy ([karcopy.netlify.app](#)) — React · Firebase · Real-Time Sync

- **Room-based architecture and password protection**, built a real-time clipboard sharing app with using Firebase for live text sync across multiple devices.
- **Optimized** database write performance with debounced listeners, reducing unnecessary network calls and improving UX.

CERTIFICATIONS

• **AWS Certified Cloud Practitioner** · ID: 464985e098fd450bb7431b286cce5867

Jun 2025

• **AWS Certified AI Practitioner** · ID: 5a58d2770ad1466a8da2cb30cc4b16f5

Nov 2025

- **AWS Certified ML Engineer – Associate** · ID: c26e4088b4454ee7b98e6bedd77abeff Oct 2025
- **Microsoft Azure Data Fundamentals (DP-900)** · ID: C8C20FBFC8C28EO2 Nov 2025
- **Microsoft Azure AI Fundamentals (AI-900)** · Nov 2025

TECHNICAL SKILLS

Languages: C#, JavaScript, Python, C++, Java

Backend: ASP.NET Core Web API, ASP.NET Core MVC, REST API Design, Dependency Injection, Middleware, LINQ, Entity Framework Core, Node Js

Frontend: React.js, Redux Toolkit (RTK Query), Micro-Frontend Architecture

Databases: MS SQL Server, SQLite, SQL Query Optimization, EF Core Migrations

Cloud & DevOps: AWS, Microsoft Azure, Git, Linux, Firebase

Concepts: Repository Pattern, SOLID Principles, Agile/Scrum, Code Review, REST

EDUCATION

Master of Computer Applications (MCA) 2022 – 2024

[Lovely Professional University](#) · Phagwara, Punjab · CGPA: 8.91/10

Bachelor of Science (B.Sc.) 2019 – 2022

[Govt. Post Graduate College](#) · Bilaspur, Himachal Pradesh · CGPA: 9.17/10
